PC-1M

1 mm

**EXTRA FINE BULLET
POLYESTER TIP**

REFILL TIPS:

Reference PCR-1, set of 3.

Easy-to-use: it provides a straight and steady line.
With this marker you work really stands out!

Fun: children love painting with this pocket size marker.

Versatile: the tip is thin enough to write and thick enough to draw.

Slick: the tip is removable and can be rinsed with water.

14 COLOURS AVAILABLE

Popular,

POSCA's PC-1MC small size and extra-fine bullet tip is ideal for works on small surfaces. A favorite of children and adults as well as of beginners and professionals to colour with accuracy.

DRAW, WRITE, DECORATE, COLOUR, MARK.

POSCA's extra-fine bullet tip is ideal for:

- Children to produce drawings, colourings or transform objects,
- Professionals to colour a document, an illustration or to make rough sketches or mark with accuracy (Apiarists use it for example to identify the queen in beehives !)
- Artists to paint, draw or sign their work.
- Creative crafts hobbyists for scrapbooking, making table decorations or greeting cards.

PC-1MR

0,7 mm

**ULTRA-FINE
CALIBRE ELASTOMER TIP
WITH A METAL RING**

Precise: the tip produces a fine, neat and steady line.

Reliable: no line variation, consistent results when rendering.

Original: combines the accuracy of a pen with the quality of paint.

Convenient: like a pen, the cap can be fixed at the back of the marker when using it.

16 COLOURS AVAILABLE

Subtle,

Posca PC-1MR extra-fine calibre tip, with a metal ring, has the same qualities as a paint marker... in a pen. It is designed for professionals and beginners requiring an ultra-fine and consistent line in a wide selection of colours.

WRITE, DRAW, PAINT, DECORATE, MARK.

POSCA's ultra-fine calibre tip is ideal for:

- Creative professionals such as graphic designers to make rough sketches or technical drawings.
- Creative crafts hobbyists to make original announcements, scrapbooks, greeting cards,
- Artists to have an ideal finish, defined details and outlines

PCF-350

0,1 à 10 mm
**BRUSH POLYESTER
TIP**

Flexible: it is perfect for work requiring a detailed finish and allows creativity to flow.

Fluid: the paint glides smoothly over the surface.

Versatile: it covers well, the rendering is opaque, water-coloured or even transparent when diluted with water.

Convenient: easier and cleaner to use than a conventional brush (no painting material, palette nor paint tubes... are necessary).

10 COLOURS AVAILABLE

Innovative,

POSCA's brush tip PCF-350 is designed to reach areas that other markers cannot reach. Painting lovers rediscover the pleasure of a paint brush without its disadvantages. Beginners and children learn without difficulty.

PAINT, COLOUR, DRAW, DECORATE, CALLIGRAPH.

POSCA's brush tip is ideal for:

- Artists to colour sculptures, casts or areas not easily accessible: creases, curves, angles...,
- Toy designers to reach very specific areas of the object (under the arms, in the neck...),
- Amateurs of Asian calligraphy for a brush effect combining a thin line,
- Cartoonists,
- Children to learn in an easy way how to paint with a brush.

PC-8K

8 mm

**BROAD CHISEL
ACRYLIC TIP**

REFILL TIPS:

Reference PCR-8, set of 2.

Efficient: it quickly covers large surfaces!

Smart: the chisel tip produces refined and controlled lines.

Economical: tips are replaceable for prolonged life of the marker.

Slick: the tip is removable and can be rinsed with water.

Ecological: manufactured from 47% of recycled materials.

Efficient,

Posca PC-8K broad chisel tip can both cover large areas and draw neat curves in a wide range of colours. Ideal to make flat-tints, 'Street Art' writing or signs for both professional and personal use.

PAINT, DRAW, COLOUR, DECORATE, WRITE, MARK.

Posca PC-8K's broad tip is ideal for:

- Artists to draw and paint on any indoor and outdoor surfaces,
- Interior design amateurs to refresh a space, a piece of furniture or to customise objects and fabrics,
- Surfers and skaters to personalise their boards,
- Professionals to write and make signs or flat-tints on windows.

PC-17K

15 mm

**EXTRA BROAD
CHISEL ACRYLIC TIP**

REFILL TIPS:

Reference PCR-17, 1 piece.

Quick: flat-tints and backgrounds are done in no time!

Visible: the line width is ideal for highly visible writing.

Precise: the chisel tip produces well-defined lines.

Generous: the barrel is adjusted to the tip width in order to cover surfaces "in one stroke".

Essential: it comes in a selection of vibrant primary colours.

Indispensable,

Posca PC-17K extra-broad chisel tip is the member of POSCA's range designed for experts. POSCA's XXL size tip is a favorite of professionals for successful writing and of artists to create huge artworks!

PAINT, COLOUR, DRAW, DECORATE, MARK.

POSCA's extra-broad tip is ideal for:

- Artists to paint neat backgrounds on large-framed canvasses or any other large surface, to perform large-scale live and collective Street Art works,
- Professionals like craftsmen, shopkeepers to make signs on windows,
- Interior design amateurs to refresh a space, a piece of furniture, fabrics or bulky objects.
